Principal's Note

Dear Parents and Friends of all Saints!

Helping Children with Lent
continued.....

The most important part of Lent can be how children are helped to make this a time to practice being more loving. Children are naturally loving, but they can get into really bad habits of fighting with brothers and sisters or being disobedient or even talking back. Lent is a great time to build in some family practices, which can also be an outstanding renewal for parents and adults in the family.

Children will notice, if part of my Lenten journey is to choose to fast from my crabby-ness or busy-ness and to spend more time with them. They will notice, if we set the example of choosing to compliment others in the family more, highlighting the good things I notice in them. If our family Lenten practice is to focus on being nicer, kinder and more generous in helping each other, the children will take part in it. And, if we fail on a given day, we can quickly apologize and ask forgiveness and model penitential and reconciling behavior that is central to Lent.

During Lent, a family could choose a number of things to make a huge difference in a child's experience of Lent. All they take are a commitment of time and some creativity.

"Coin Power" Drive

Our school-wide Lenten Almsgiving project will be a *Coin Power* Drive for our sponsor child from Columbia, Marisol. The drive will be February 6-19. Donate \$2 and Dress Out of Uniform for a "NUT" Day on Friday, February 20.

It is time to plan for the annual Science Fair! This year's fair will be on **Wednesday, April 15, 2015** in the school gym.

The purpose of the Science Fair is:

- To encourage students to develop greater interest in science
- Develop skills in critical thinking, research, and problem solving
- Develop interview and public speaking skills

Teachers will be available to advise student, but the initiative and responsibility belongs to the student. Parents and other adults are encouraged to assist as necessary. Each student must be able to demonstrate and explain what was done.

Students may enter as an individual or as a team of two. Both team members' grade levels must fall within the division requirements. Each student will be responsible for his/her part of the project, interview, and individual project folder.

ALL intermediate grade students are required to participate. Any primary student may enter. Your student has taken home a letter from our Science Fair Coordinator, Susan Hicks. If you have any questions, do not hesitate to give her a call.

The Project Idea Form must be submitted by Thursday, February 26, 2015. Please note: as a courtesy a hard copy of the Project Idea Form has been given to each student. Only one hard copy will be distributed, if it is lost, please refer to our school website to print additional copies as needed.

Thank you for your continued support and interest in this educational student opportunity!

ATTN Parents!!! We Need Your Help!

Come help us paint cars to advertise for the School Auction. We will have one shift at the 11:45 (preschool) dismissal and another shift at the 2:15pm dismissal on **Monday, February 23.**

We can also use help for set-up beginning at 2:00pm on Friday and on Saturday any time from about 8:00am to 8:00pm. Any hours you can give are much appreciated! Remember, it takes a village!

Thank you!
PTO Officers
